Dear Mike Brubaker,

I greatly appreciated your attendance at the P.A.S.A. Conference at the Penn State last year to be a part of the opening ceremonies. At that time, you told us that if ever we had any concerns that you as Chairman of the Agriculture and Rural Affairs Committee might be able to help us with not to hesitate to contact you. Well, that time is urgently now.

I have attached some information which will hopefully explain the issues.

I also want to make you aware that Mike Folmer in the Senate and Brian Cutler in the House are involved at the grassroots level to help resolve this fairly straight-forward and reasonably uncomplicated issue.

Thank you, in advance, for any help you can provide to assist in bringing closure to this matter that will be of benefit to us raw milk and raw milk products consumers as well as to those of us who choose to purchase directly from the farmer when possible.

If there is anything I can do to assist you, either informationally or with other action,

please contact me.

Respectfully submitted
