To whom it may concern:

I want to give my family the best possible food that will support their general health and well being.
I believe that raw, natural milk and dairy products are the very best I can give my family.
Pasteurization destroys everything good about milk, turning it from a healthy food into a health destroying food.

I want to see raw natural milk made legal and available from certified dairies.

Thank you,

Barbara Shuts

A handwritten signature in cursive script that reads "Barbara Shuts". The signature is written in black ink and is positioned to the right of the typed name "Barbara Shuts".
